This extra meeting was called to further discuss the findings of the Task Force and how best to decide who will oversee what areas of the assessment. We will be trying to set goals and objectives and how to move forward.

The Task Force will handle current members, new members, Hospitality, Grants, and fundraising. We were given a copy of the plan from St. Pius Parish that they worked on in 2006. Barb Zavier worked on that committee also.

We discussed that we should try to stay true to our Parish Mission statement. Here is how we attempted to break it down.

There is a possibility that there may be a Facility Committee formed headed up by George Dennis. He/they would oversee the buildings for safety, repair, and general maintenance and needs.

Also, a possible Membership Committee.

Our "homework" is for each of us to bring 1 goal per 4 categories to be discussed at our next meeting, which is October 13<sup>th</sup>. We may have another extra meeting, depending on how much we cover.

Meeting ended at 8:08.
