PASTOR'S REPORT: Our Spring Fling is May 14th and things are moving forward with the planning. Financially, we are above the break-even point. The Feinstein Foundation is going on till the end of April. They do a proportional match of donations. Not sure what the match is exactly. We have a new staff member, a part-time janitor and his name is Michael. George is his supervisor.

NEW BUSINESS: Parish Council will meet over the summer to continue the work on the Plan. Linda has notified Ali and the summer meetings are on the Parish Calendar. Ali should

know about any and all other meetings so they can get on the Calendar in the office and into the Bulletin.

Make sure that Dennis T or Dennis W has your information to enter into the Master Plan. The documents are merged but not synthesized. Jane offered to begin the work to correct and eliminate the overlaps. We need to look it over and get back to her with any input before May 1st, in advance of the May 11th meeting. The Committees should meet then after May 11th to decide what the actions of their committee will be. We are hoping to roll it out to the general Parish in June. (This is a 5 year plan.) We will discuss HOW it will be presented. After Mass, at a meeting?

Bob Bischoff volunteered to match-up what the Parish voiced and the 9 goals.

Jane was asked to re-send the document. Will try to simplify.

We need a Mission Statement from each Committee. Also with some idea of their purpose.

WEBSITE MANAGEMENT: Possibly allow access of some Committees to the website. They will be able to enter their own information, meetings, etc. The website, Father said, should be updated every week to keep it current.

VINCENTIAN MEETING 3/26-Mary Vetter attended this meeting and thought it was a good opportunity and found it very informative. She brought some folders and books to pass out.

UPDATE on Cardinals FUNDRAISING- The training is in progress. There are 44 people signed up and we still need about 12 more. Our first game is May 30.

CLOSING PRAYER: by Fr. Otto at 6:50

NEXT MEETING: May 11 at 6:30
